Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Nad Electronics International 3020 Manual

The powerful yet unassuming 3020 wowed listeners with its big, warm and detailed sound. To honour this legendary amplifier, NAD released the D 3020 to coincide with NAD's 40th anniversary. Picking up the torch once held by its predecessor, the D 3020 encompasses all that made the 3020 great, while still embracing the innovative technologies of today.

D 3020 - NAD Electronics

The D 3020 lives up to this promise through a unique implementation of NAD PowerDrive™ developed by Edvardsen, that allows low impedance drive (current) and high dynamic power (voltage) at vanishingly low distortion levels. This refinement of PowerDrive combined with a precision soft clipping circuit, lets the D 3020 sound even more powerful than it already is.
