Nikon | Imaging Products | Nikon F80

The F80 uses the same Nikon F lens mount which gives you access to the vast lineup of Nikkor lenses including a wide range of non-AF Nikkor lenses. However, there are many restriction to use with older Nikkors which I think more like a commercial business decision, for example, when an non-AF AI-Nikkor is use, you can only use them in manual ...

Nikon F80 / N80 Custom Settings/Lens Compatibility

As a first time Nikon owner I found the user guide to be lacking in some areas. I purchased the N80 Magic Lantern Guide to better understand the complex assortment of options available with the autofocus and auto exposure settings. The book explained the use of AF and AE options quite clearly.

Download Nikon F80 Start Guide - icdovidiocb.gov.it

The Nikon F80 was introduced in February 2000. It was known as the Nikon N80 in the US.. The F80 was Nikon's successor to the F70. There are three versions: the original F80, the F80D which has a date imprint function and the F80S which has the date function of the F80D model as well as imprint exposure information between frames. In the Americas an N80QD version is also available with the date ...

Nikon F80 (N80) - Camera-wiki.org - The free camera ...

My Nikon F75 project came to an end when I recently "upgraded" to the F80. The Nikon F80 felt almost instantaneously like it was a better choice for me. As I talk about in the last part of my Nikon F75 project the amount of the controls and level of functionality in the F80 just feels a lot more suitable for me.. These shots are from the first roll I shot with it.

5 Frames with a Nikon F80 - 35mmc

It's called the N80 in the USA and the F80 elsewhere. It's the same camera. I've also seen silver versions. It gets less expensive as time goes on. As of December 2004 it sells for \$350, and after a \$50 rebate you're looking at \$300 for the body alone. The date back version or a version with a lens will cost more.

Nikon F80 N80 test review - Ken Rockwell

The F80 keeps with the traditional look of Nikon camera bodies, with a black plastic exterior, white Nikon lettering on the prism with a red rubber insert on the inside of the camera's grip. The F80 accepts all F-mount Nikkor lenses with the exception of many pre AI, and all IX, lenses (these cannot be mounted on the F80 without causing damage).

Nikon F80 - Wikipedia

Please realize that the USA N80 and non-USA F80 are almost identical cameras. In the USA, Nikon chose to segregate their "professional" cameras such as the F2, F3, F4s, F5, and F100, from the "consumer" cameras such as the N60, N65, N80, and N90.

looks much better than blur. I set 1/15 because my Nikon 18-200mm gives great results down to 1/15. I adjust the lowest shutter speed setting in the AUTO ISO menu if I change conditions or lenses. Unlike film, my D80 looks great at high ISOs, so I use them anytime I need them. More details, including how to set ISO to 3,200, at the ISO Button.

Nikon D80 User's Guide - Ken Rockwell

The Nikon N80 (known as F80 outside of the United States) is a product of Nikon Corporation and was released worldwide on January 27, 2000. The Nikon N80 was created to meet the needs of amateur to advanced photographers creating a camera that was small and durable enough to be carried and used frequently and came in three separate versions such as the N80, the N80D whose different backing provided date information on the exposures, as well as the N80S which printed date and exposure ...
