The Psychology Of Santa

That's the sort of loving lie parents tell their kids about Santa. It's a pretty easy lie to tell. An ingrained part of our culture, talking to kids about Santa feels, if you think about it, weirdly normal. Letting children use their imaginations to conjure this image is healthy,

Access Free The Psychology Of Santa

psychologists argue, saying that the practice is what will later help them dream up inventions and other big ideas.

The Psychology of Santa Claus - Pacific Standard

“In other words, the toddler sees Santa in his costume and believes Santa is a walking and talking alien.” That sounds fairly terrifying. Still,

Access Free The Psychology Of Santa

most kids won't be too traumatized, and the myth can be positive; it may encourage critical thinking skills , since kids eventually work through the logical leaps in the Santa myth and realize that something isn't right.
